

## WORKING TOGETHER

1. What do you need in a job to know that you can build a positive future for yourself and your family?
2. What challenges do you and others face in getting and keeping a good job?
3. What do you want to see the city do to support residents to get good jobs that offer a real chance for you and others to build a positive future?

## LIVING TOGETHER

1. In your experience, what are the possible reasons that it's so hard to deal with the challenges we face? Consider health care, housing, environmentally sustainable development, etc.
2. In what ways might these challenges that you just talked about be connected to systemic racism?
3. What does the city need to do differently, and what do you need to do differently, to deal with these issues?

Together for Akron

a unifying vision for Akron's future

SAFER TOGETHER

WORKING TOGETHER

LIVING TOGETHER

LEARNING TOGETHER

## SAFER TOGETHER

1. What is happening in your neighborhood when you feel safe? What would a safe neighborhood look like for you?

2. What's already helping us move in that direction in our city and what else needs to happen?

3. What would it take to create the changes needed for you to feel safe in Akron?

## LEARNING TOGETHER

1. What would be really helpful to you to support your child/our city's children to be successful in school?

2. What are the shifts we need in our city to make sure every child in Akron is ready for kindergarten?

3. What else could be happening in our city to help our children be successful beyond kindergarten?
